PLUS 

# New Features

...plus so much more

Attention to detail has been at the forefront of the design process for our newest range of wiring accessories. All aspects, no matter how small, have been taken into account and collectively create the elegant style that characterises Deco Plus®.

Every accessory within the range which contains a neon now has an insert surrounding the lens of the neon.

An attractive feature added to the Deco Plus® range is the profile of the cooker sockets. Instead of the traditional T-bar shape, our new range matches the profile of our ingot sockets.

# Switches

- MODULAR INGOT PLATE SWITCHES
- TOGGLE SWITCHES
- DIMMER SWITCHES

All Deco Plus® switches are supplied complete with requisite switch module(s). However, should local conditions dictate, the installer may customise a switch arrangement by substituting switch modules by means of a simple, single fixing screw.

A comprehensive range of available modules is illustrated in our dedicated MiniGrid® brochure.

Unfurnished mounting plates can be ordered separately and furnished with whatever selection of switch modules may be required.

**MINIGRID®**

Please see page j18 for a selection of MiniGrid® modules.

All Deco Plus® switch plates are modular as standard, allowing you to create virtually any switch plate you require.

#### Dimmer Switches

- 140** 1 Gang 2 Way 400Va Dimmer Switch
- 152** 2 Gang 2 Way 400Va Dimmer Switch
- 153** 3 Gang 2 Way 400Va Dimmer Switch
- 154** 4 Gang 2 Way 400Va Dimmer Switch

We recommend the use of branded halogen lamps with all Deco Plus® dimmers. The use of inferior, non-branded lamps may require the nominal rating of the dimmer to be reduced. These dimmer switches have not been designed for use with LED lamps. However, they may be suitable for some good quality LED lamps. For further information please contact the Click® technical support team.

# Interchangeable Plates and Modules

MiniGrid® modules are interchangeable with pre-assembled plate switches or can be mounted into the unfurnished switch plates throughout the Deco Plus® range.

Standard MiniGrid® modules offer simple, single screw fixing to the yoke which greatly facilitates the assembly of up to 18 different switching functions on a single plate.

**MINIGRID®**

MiniGrid® modules are available in the same decorative finishes as the Deco Plus® range as well as white and black, so there are plenty of options available to suit your application.

# Solutions for media cabling

Selecting from a range of module inserts covering all manner of media transfer, installers will now be able to configure their own arrangement of television, radio or satellite reception, plus speaker, telephone and data outlets. All modules can be inserted into single or double wall plates and fitted onto standard switch and socket boxes.

The furnished plate shown here contains a selection of both single and twin width New Media™ modules.

The New Media™ range provides the installer with ultimate flexibility, allowing you to mix and match the connections you have on your wall plate. All modules are available in white or black finishes to complement any installation.
