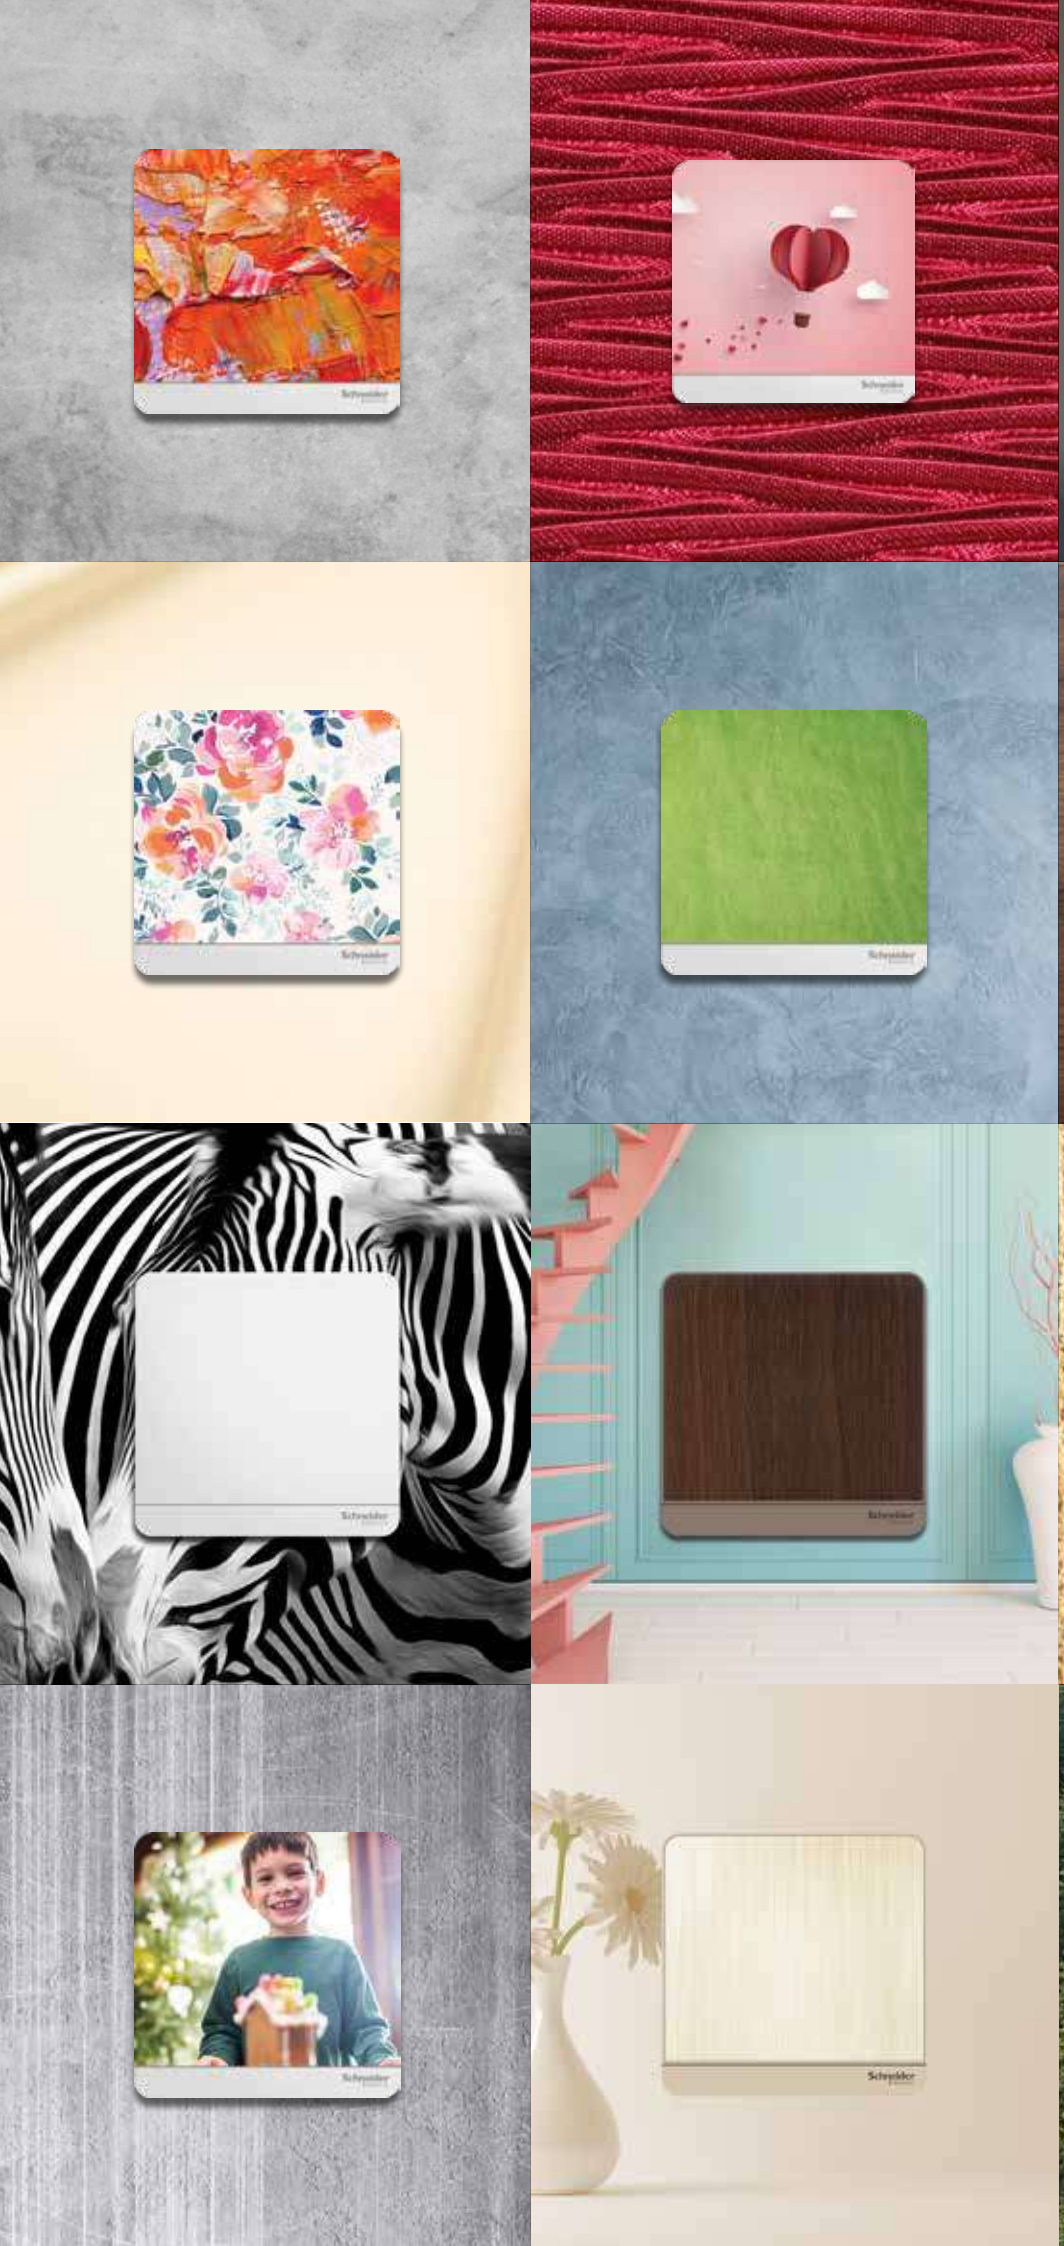
A suite of switches with customisable designs.

DESIGN AWARD 2017



DESIGN AWARD 2017

Award-winning Designs: Ingenious Beauty

The ground-breaking AvatarOn series is a true marriage of aesthetics and practicality, making it a perfect choice for all home or office designs. The switches are mirror-smooth and paired with Type 86 standard base boxes for a close fit to the wall. Moreover, the revolutionary switches can be fitted with a wide variety of customisable covers, giving AvatarOn the flexibility to integrate easily into any decor styles, meeting all aesthetic needs.

Considered the perfect combination of form and function, our patented “Slim Rocker, Sure Click” SS technology not only gives AvatarOn a greater thinness overall, but also a near-zero contact jitter that reduces sparks, thus ensuring a safe and reliable use.

In 2017, AvatarOn gained international recognition for its innovative design and quality excellence and was awarded the iF Design Award – one of the world’s most authoritative and reputable industrial design awards.

Tech-chic Design that Shines

The AvatarOn soft LED locators merges seamlessly with its sleek giant dolly, creating a stylish and streamlined design. Unobtrusive in daytime, the fluorescent LED locators glow with a soft luminescent in the dark, indicating the exact location of each switch at night. Combined with its outstanding performance, reliability, lifespan and energy saving features, the subtle glow of AvatarOn switches beautifully blends practical aesthetics with leading-edge design.

Multifunctional Accessories for Every Day Conveniences

To meet with the demand of modern busy lifestyles, various cover designs incorporating key holders, USB charging socket with mobile phone frames are specially designed for added conveniences, efficiencies and beauty at home.
